Prospective survivor's annual pension ⁽⁶⁾	£853.68
Nominated Beneficiary ⁽⁷⁾	See below

If you have nominated someone to receive a death grant from your pension, your nominated beneficiaries would get a one-off death grant of at least the figure quoted.

You haven't told us who you'd want your death grant paying to.

To do this, visit www.wypf.org.uk/firefighters to download a form or phone us on **01274 434999**.

Death in service lump sum

This is calculated as follows: 3 x pensionable pay* (A)

**This is the annual figure based on the 365 days up to the date of death*

If you were absent from duty without pay at the date of death then it's the pay appropriate for your role on the last day you received it

If you are part-time or retained the calculation is the greater of A or B:

3 x pensionable pay x pensionable service/calendar length service (B)

Survivor Pension

This has been calculated using the 'Partnership Status' held on our records and is shown overleaf. If we don't hold this information we have assumed you are married. In most cases the survivor pension will be half the pension you would have received. If you are single then the survivor pension quoted will be nil.

Your pension tax relief limits

Lifetime Allowance: the maximum amount of pension savings you can build up over your life that benefits from tax relief. The Lifetime Allowance for 2016/2017 is £1,000,000.00.

The Lifetime Allowance that you have used at 31 March 2017 is £33,221.40 (2.66%).

Annual Allowance: the maximum your benefits can grow each year without incurring a tax charge. (But if you paid pension contributions in more than one job this year, or have another pension anywhere else, you need to add all your pension savings together.)

Your pension savings for the year 2016/2017 is £2141.78 for WYPF folder reference FFF999B.

If you exceed any of these limits we will contact you separately with further information.

Data protection: The information you give us is protected under the Data Protection Act 1998. We will use the information you give us to process your pension benefits. We will also need to give the information to our advisers and anyone else we choose to help us run the pension scheme. At any time you can ask us for a copy of the information we keep about you, and you can ask us to correct information about you that's wrong. We're also part of the National Anti-Fraud Initiative, which means that from time to time we share and compare the information we hold about our members with information that other public agencies hold. This makes sure that the pension fund's money only goes to those entitled to get it.

Your 2017 pension statement accompanying information

Final Salary benefits

Membership to 31/03/2017

This is the total membership you have built up, including transfers in from other pension schemes and the proportion of any additional 60ths you have bought at 31/03/2017.

The membership will be adjusted for any periods of part-time working and any unpaid absences such as strike and careers breaks.

Final Salary pay

This is the pay you have received and paid pension contributions on during the 365 days to 31/03/2017. If you have had a temporary promotion during this period the extra pay you received is not included in Final Salary pay even if you have paid pension contributions on it.

If you have paid extra pension contributions you will be awarded an Additional Pension Benefit (APB). More information can be found on our website at www.wypf.org.uk/fireabs2006

When you leave or retire, the Final Salary benefits you have built up will normally be worked out on the average pensionable pay you earned in your final 365 days, or one of the two previous years if that's higher.

Pension Benefits at 31/03/2017

The current value final salary pension is the amount due to you if you left the scheme at 31 March 2017 and which would be paid at the deferred pension age of 65.

As a member of the **2006 Scheme**, your deferred pension is calculated as follows:

Membership to 31/03/2017 x 1/60 x final salary pay

Projected Benefits

As a protected member of the 2006 scheme your projected pension is calculated based on your service up to your normal retirement date (age 60) divided by 60 and multiplied by your final salary pay at the date of this statement.

If you are part-time or retained then your service has been projected at the same rate as you were awarded for 01/04/2016 to 31/03/2017.

Projected membership to age 60 x 1/60 x final salary pay
